

Our first game [Seniors] is over. A close game but unfortunately it proved to be a loss in the dying seconds. Details are in another section. Congratulations to the Ravens.

Remember: The war is not lost with a single battle! We have eyes on another Sun Bowl.

### Season Draw

Three Home Games:

- **13August**
- **08October**
- **29October**

### **Runaway Bay Sports Super**

**Centre**, the venue so it must be all systems go for this Saturday.

As the host team we have to provide

- Two referees [both junior games]
- Chain Crew for all four games
- Canteen staff
- Game Day Manager/s

As happened last year, a roster for player support will be issued to members.

### Sighting of Proof of Age for Juniors

Juniors who are playing for the *first* time MUST have the club sight either your Birth Certificate **or** Driver's Licence [original must

be sighted with a **photocopy** to be handed to the club for **its records**; there are reasons for this]. Where this is impossible, contact me immediately because no juniors are allowed to play before condition is fulfilled or suitable alternative [and accepted by GQ] pathway used. Note: **School ID** is **NOT** accepted alone.

Keep in mind, Juniors, that Saturday is Game One of your season.

### Season Launch

Thank you to those who were able to attend our Season Launch. Forty plus were present to enjoy a very social occasion. Thanks also to The Titanium Bar for their sponsorship of the evening and the support given in the running of the Launch.

The Titanium sponsorship continues with MVP Vouchers during the season.

### Gossip around the League

Most clubs report registration figures above last year which is good for the sport; most are boasting high percentages at training which advantages their athlete/ team; most are involving their clubs in progressive

endeavours/promotions which should encourage spectator attendance. It is great to play in front of a crowd.

The last point is a necessary one for growth of gridiron in our area, in our state and in Australia.

That returns me to our first Home Game, Saturday, 13August. What should be expected of you?

Can you...

- Distribute Flyers promoting our Home Game [club to provide] in your home environment [letterbox or shop]
- Encourage your friends and family to come out and watch you; your friends may come to laugh but, and I've seen it so often before, they then wish to play; talk to your friends about Saturday and remember, tell them admission is FREE

The answer: Yes, willing to help out!

Do you another idea/s?????

*Gridiron Fever...Let's Catch It!*

Players and supporters are still welcome to become Stingrays; training is held of a **Wednesday, 6.30 pm at Glennon Park, Nerang.**
